PROJECTS UNDERTAKEN

- **Pulse :**

Project Description : Pulse incorporates functional data from multiple source systems so user can easily report, track and take action on projects around the world by providing different dashboards like Logistics, Finance, Quality, Portfolio Management and many more.

- Portfolio Management dashboard provides information of the projects which were either late, on time or pending in accordance to months and quarter.
- Shows data on the dashboard in the form of charts and tables.
- Provide many filters like region, scope, projects and many more different filters so that user can easily search for its particular projects.
- Involves running of SQL scripts on the back so that the data gets refreshed from the data lake and provide the correct result each time.
- Also has the permission dashboard to provide security to only show the data to the user which he/she has access to.
- Uses GraphQL so that 1 service can provide different data as per the requirement of the page and provide data faster.

Technologies/Programming Languages Used : Node JS, Javascript, Sequelize and GraphQL

Database Used : PostgreSQL

- **Worldwide Material Status Application (WMSA) :**

Project Description : An application which is used to keep track of all the materials which are packed in cases(Boxes) and are shipped by the company all over the Globe. The Application involves :

- Reading Data from Excel Files to get the customer demand of items in a given format.
- Inspection at every steps to check the items are secured in the cases
- Giving the report in different formats like pdf or excel
- Stores the images and Files on S3 bucket that are uploaded by the users
- Involves running of schedulers on the back to refresh the data at a regular interval

Technologies Used : Spring boot, Java, JSP, HTML, CSS, Javascript

Database Used : Oracle

- **Call2Fuel Application(C2F) :**
Project Description : An on demand application which is used to help the user to get the fuels like Gas Cylinders, Petrol/Diesel for their cars while sitting at home or from any where or can schedule the Date/Time when they need it.

TRAININGS

- J2SE Intense Training, Swarnim Infosoft Pvt.Ltd,Noida Jun-Jul'15
- Web Development intern(J2EE), Swarnim Infosoft Pvt.Ltd,Noida Jun-Jul'16

ACHIEVEMENTS & PARTICIPATION

- Achieve 3rd position in the event Duno Break organised by Blood Donation Mela in 2015.
- Achieve 3rd position in the Computer Quiz organized by CSE Deptt. in 2014.
- Regular Blood Donor
